## Kenosha County Fair Will Open August 11, At Wilmot, Wisconsin

### Four Day Run Is Expected To Be Largest Ever

Advance selling of commercial space and entries into the various classes at the Kenosha County Fair which will open August 11, seem to insure that the fair this year will surpass even last year's all time high in admission and displays.

A fine variety of attractions in the way of commercial and farm exhibits has been promised by Henry Frank, secretary of the fair association, and grandstand acts with headliners as the main attraction on Sunday afternoon and evening have been secured for two shows daily. In addition the fair this year is sponsoring a children's horse show on Thursday afternoon and adult horse show in the evening, and on Sunday afternoon and evening instead of the regular grandstand acts, the Bar-M Rodeo show will take over.

There will be a big parade Friday morning at 10:30. Special feature show in conjunction with the grandstand acts will be the appearance of "Alice in Dairyland" and her local court Friday evening before the stands.

Stock car racing will be the attraction on Saturday night.

Judging of all exhibits will take place on Thursday afternoon after opening of the fair.

The fair association, one of the most successful in southern Wisconsin has acquired a considerable tract of land adjoining the high school grounds and has erected several permanent buildings in which to house exhibits. Plenty of free parking space is provided and traffic movement about the grounds has been eased by construction of several new streets and drives.

## Retired Contractor from Chicago Drowns in Fox River at 173

### Anthony Dziejowski Sinks From Sight in Presence of His Wife

Anthony Dziejowski, 71, a retired Chicago plumbing contractor, drowned in Fox River north of Rte. 173 at 3:45 p. m. yesterday.

As summer residents in the Fox Lake Spring subdivision Mr. Dziejowski and his wife were wading in the river near their summer home when he fell backward and disappeared.

At first Mrs. Dziejowski thought her husband was fooling her as he was a good swimmer, but seconds later when he did not come up she became alarmed and called for help. It was perhaps six or seven minutes before neighbors brought the body to the surface and attempted artificial respiration without success.

The Antioch Rescue Squad arrived soon afterward and found that further efforts at first aid were useless.

Walter I. Scott of the Rescue Squad said that neighbors of the Dziejowskis observed that Mr. Dziejowski appeared as well as usual an hour before the drowning and his wife said that he had merely commented on the warmth of the water as they prepared to swim.

The body was taken to the Strang Funeral home and will be removed to Chicago for burial.

## Mail Tax Statements To Antioch Township Residents Tomorrow

Twelve thousand tax statements will be placed in the mail tomorrow for residents of Antioch Township, Collector John L. Horan announced.

This represents 500 more than last year by reason of new subdivisions and the many new homes that have been erected, Horan said, and too, includes personal property tax statements which are in greater numbers this year as the result of a more thorough canvass by Assessor John P. Miller.

Horan said that he will begin receiving payments next Monday at the First National Bank of Antioch and later will alternate with the State Bank of Antioch.

Greater effort to collect personal property tax as well as general taxes will be made this year and the various governmental agencies in Antioch Township may receive larger incomes.

## Mercury Reached 99 Yesterday for Year's Highest - Cool Today

A high of 99 degrees for this summer was recorded by Cooperative Observer Roy Kufalk Wednesday afternoon. This exceeded by two degrees the previous day's high.

About 3:45 p. m. the wind changed from the southwest to the northeast bringing Canadian cool air which dropped the mercury from the 99 degree maximum to 86 degrees in an hour's time, and in 3 hours it had dropped to 77, a difference of 22 degrees.

The cooling breeze was welcomed by Antioch citizens who sweltered through nights in which the mercury remained in the 80's.

Northwesterly winds today continued to bring cool air and more comfortable temperatures.

## Lake Villa School To Open September 6, All New Pupils to Register

School will start in Lake Villa on Tuesday, September 6, 1955. Busses will pick up boys and girls that morning using the same schedules as were used last spring. There will be a short session that morning and children will be returned home by bus between 10:30 and 11:30 a. m.

Beginning the following day, Wednesday, school will be in session for the full day and hot lunches will be served or children may bring their lunches from home if they prefer.

Parents are asked not to send money with their children on Tuesday, but payments for books, insurance, and the first week's lunches should be paid on Wednesday, Sept. 7. Book rental fees for the year, including weekly newspapers, will be:

Kindergarten ..... \$3.00  
1st, 2nd, & 3rd grades ..... 4.25  
4th, 5th & 6th grades ..... 4.50  
6th, 7th & 8th grades ..... 5.00

Fourth grade pupils are asked to buy dictionaries at \$2.40 each, as dictionary study begins in that grade. These dictionaries are used all during grade and high school and this payment should be added to the 4th grade book rental above.)

School Accident Insurance for the year is \$1.00 per student. This is not compulsory but highly recommended.

School lunches will cost 25c per day, payable \$1.00 each Monday for the coming week. The first week will be only 60c and is payable on Wednesday, Sept. 7.

**New Students**  
All students who have moved into the school district since school closed on June 2, all first graders who did not attend kindergarten at Lake Villa, and all new kindergarten children are urged to come to school any week day between 9:00 a. m. and 4:00 p. m. before the opening day of school to register. Transfer students are to bring transfers and report cards. New 1st grade and new kindergarten children are to have birth, hospital or baptismal certificates and must be 6 years old by Dec. 1st to enter 1st grade, and 5 years old by Dec. 1 to enter kindergarten. If it is impossible to come to school to register please phone the school as soon as possible.

## Firemen Observe Use Of Extinguishers on Pit of Fire Tuesday

Village firemen got some good experience in using some of the newer methods in extinguishing fires Tuesday evening in a field experiment before the regular meeting.

They dug a pit 15x12 feet in the Sequoit Acres subdivision east of the Soo Line tracks and filled it with water, crude oil, gasoline and other inflammable liquids and set fire to it.

One by one they used "wet water," foam, fog nozzle, and other substances on the blaze to note their effects. Nearly 25 firemen were present for the demonstration.

## John J. Bell, 62, Dies of Heart Attack

John J. Bell, 62, Channel Lake Shores subdivision, Antioch, Ill., died suddenly of a heart attack at 10:15 a. m., July 24, at his home.

He was born Nov. 13, 1892 in Chicago and lived in Chicago and Oak Park previously to coming to Antioch in 1931. He was a retired real estate salesman.

Survivors are his wife Jean G. Bell, two daughters, Mrs. Gloria McCabe of Downers Grove and Mrs. Laverne Novak of Berwyn, and three grandchildren.

Funeral services were held at 3 p. m. Wednesday at the Strang Funeral home, with the Rev. Howard Benson officiating. Interment was in Hillside cemetery.

## Chamber Invites All Antioch Businessmen to Meet August 1st

### Special Meeting Will Take Up Discussion of Needed Improvements

In an effort to induce more Antioch businessmen to co-operate in improvement of Antioch, the Chamber of Commerce has issued an invitation to all businessmen of the village to attend a special meeting of the Chamber on Monday, Aug. 1. The meeting will be held at noon at Smart's Country House.

Issues of vital interest to all businessmen will be discussed, among them being a Christmas promotion for the village, continuance of the free bus program which has brought hundreds of shoppers to Antioch during the time it has been in operation, and off-street parking facilities.

The village board has earmarked \$20,000 of the money expected to be produced by the one-half per cent sales tax for off-street parking, and the Chamber will seek to help in any way possible with the project.

O. I. Onstad, secretary of the chamber, said today that it is the hope of officers of the Chamber that more businessmen will more actively participate in Chamber activities in an all-out effort to improve Antioch. Onstad added that it was possible that some businessmen of the village may have been missed in sending out the invitations and that all are urged to attend. In his words, "You will have to have lunch anyway, and we will try to make the meeting short and snappy."

## Village Board Passes Increased Appropriation

In a special meeting Monday evening the village board passed an appropriation ordinance of \$126,374, without change and now is legally set to make the expenditures if the money is available.

The increase of about \$50,000 over last year provides for off-street parking grounds, for which \$20,000 is appropriated; \$4,500 more for police services; \$1,950 more for the fire department; and nearly \$10,000 more for street improvement.

The increases were based on an anticipated \$40,000 income from sales tax revenue. The new one-half cent tax will go into effect on September 1st.

## Red Cross Meeting at Waukegan Friday for Instructor Training

With many communities making plans for swimming pools, including Antioch, the North Lake County Chapter of the American Red Cross is planning a meeting at 8 p. m. tomorrow, July 29, at the chapter headquarters 308 Julian st., Waukegan to plan future activities.

Invited to this meeting are all men and women, boys and girls who have finished water safety and life saving classes. Also included are individuals who previously have been certified as instructors, but have been inactive for several years.

A pool has been promised for instructor training, and James Strang, director of water safety for the chapter urges everyone who can qualify for this course to attend and take part in the plans.

Persons with questions may call Chapter Headquarters, Ontario 2-4044 but the best plan is to attend the meeting.

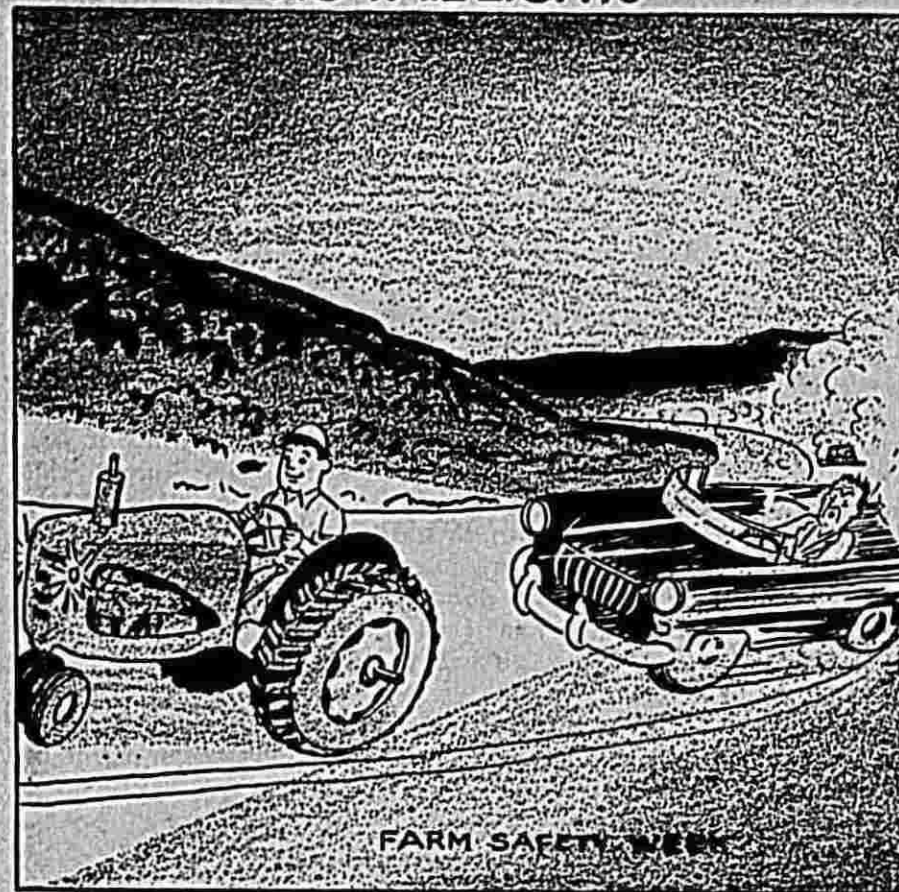

## Power Boat Explodes At Petite Lake Last Thursday Burning Four

A powerboat owned by Charles Oppen, 49, Elmwood, Ill., exploded on Petite lake last Thursday night, burning him and his three passengers. The explosion occurred while Oppen was starting the craft after refueling it. He and his passengers jumped into the lake and were rescued by other boatmen. The boat burned.

Oppen suffered first and second degree burns on his arms, chest and legs; Joseph Kocsis, 41, Chicago, was burned similarly; Richard Kocsis, 15, Chicago, suffered first degree burns on his legs and hands; and Lorraine Oppen, 8, Elmwood, suffered first and second degree burns on her legs and face.

Mr. and Mrs. E. R. Strang returned home Sunday after vacationing for a week in Canada and Northern Wisconsin.

## NO TAIL LIGHTS

## Antioch Rescue Squad Fund Drive Begun By Lions Club Committee

### Arthur Bushing, Jr., Salem, Gored By Bull

Arthur Bushing, Jr., 26, Salem, Wis., is in Victory Memorial hospital today as a result of being gored by a bull this (Thursday) morning on the Bushing farm near Salem where he is engaged in farming with his father, Arthur Bushing, Sr., well-known here and in Kenosha county.

Members of the Antioch Rescue Squad who responded to the call for assistance said that Bushing had led the bull to a field across the road from the farm buildings, and that the attack occurred when he tried to take the animal back to the barn. They added that the bull was more or less a pet of the young man and that it had been gentle before.

It is believed that when the bull made the attack on Bushing that he had avoided the animal and that it was only as he neared the fence that the angry animal caught up with him. The fact that he was thrown over a fence is credited with saving him from worse injuries or perhaps even death.

What was thought to be a broken arm was found to be a dislocation when he was examined at the hospital. He suffered a good many bruises and cuts about the body, but it is believed that no injuries of a serious nature were sustained.

## \$90,000 Subscribed for St. Peter's Fund for School - Convent

More than \$90,000 has already been subscribed to the St. Peter's School and Convent Fund Campaign. This announcement was made by Rev. A. J. Henderson, pastor of St. Peter's church in Antioch.

The campaign was formally opened with solemn ceremonies last Sunday afternoon in the church. Msgr. Joseph Garrity, pastor of St. Anastasia parish in Waukegan, addressed the men volunteers and encouraged them to spread the Kingdom of God by securing these pledges.

After the services the committee men, numbering more than 100 strong, set out to call on the parishioners. In just one afternoon and evening these men secured pledges which totaled over \$90,000 and there are yet over one-third of the parishioners to be called on.

Father Henderson said, "I am thrilled with the response of our good parishioners and our good friends. The men of our committee have done a great job and are still working hard. There are many more parishioners to be called on and I am confident we will soon surpass our goal of \$125,000."

**Patients in Hospitals**  
Gwen Hansen, Lake Marie, Antioch became a surgical patient at Victory Memorial hospital Saturday. Patients that day in St. Theresa hospital included Mrs. Frances Shostak.

**Births at Victory Memorial**  
Births Saturday in Victory Memorial hospital included a daughter to Mr. and Mrs. Charles Walters, and a son to Mr. and Mrs. Huston Jackson of Antioch.

Peter Petersen and John Palmer families held a family reunion with a dinner and recreation at Fox River Park, Sunday.

## 5,000 Letters Mailed This Week List Squad Calls

More than 5,000 letters were mailed out this week seeking voluntary contributions to the Antioch Rescue Squad fund. The fund, which has benefited by the liberal contributions of many residents during past years, has enabled the Lions Club committee to furnish the funds with which to make the Antioch Rescue Squad one of the most outstanding in the middle west.

At present the squad maintains two trucks of the ambulance type, each completely equipped to furnish aid in case of accident of any kind. In addition the squad owns its own building which houses the trucks and equipment and also serves as a meeting place and instruction room for the members and other first aid classes.

The letter, sent out by the committee, follows:

"Dear Donor:  
"Again the time has come for our Annual Appeal for your voluntary contribution to the funds needed for our Rescue Squad Activities. Old equipment has been modernized, and some new equipment purchased so that the squad might better perform its services so urgently needed in times of emergency.

"During the year just past 291 calls were answered, 118 accidents, 76 heart attacks, 53 respiratory cases, 33 miscellaneous, and 11 accompanying fire alarms.

"Such service cannot be measured in dollars, but if in your opinion, the activity is worthy of your support, our Committee asks that you use the enclosed envelope for your contribution payable to the Lions Club Rescue Squad Fund.

"DO IT NOW!"  
"Yours for continued support,  
"Loren D. Sexauer, Chairman  
"Lions Rescue Squad Committee."

In addition, the letterhead carries the slogan for the drive, "Your rescue squad is on the job 24 hours a day—365 days a year—Here's your chance to help," which tells the story of the squad in a nutshell.

In addition to money needed for maintenance of the squad trucks and equipment, a small mortgage on the building remains to be paid off, and some provisions for replacement of the trucks and other equipment must be made. One of the trucks is now 15 years old and although it is still doing the job, a replacement by a lighter, more modern piece of equipment is desirable since it would handle heart cases (continued on page 7)

## Train Demolishes Car But the Driver Escapes In Crash on Main St.

Daniel Cipov, Chicago, escaped injury but his car was demolished at 7 a. m. Sunday when it stalled on the Soo Line tracks at Rte. 21 crossing and was struck by a Diesel-powered freight train.

Cipov leaped from his auto a few seconds before the train rammed into it going 40 miles an hour and wrapped it around a signal post.

Sheriff's deputies Morris Butler and William Wood said that Cipov admitted racing the train to the crossing and when he saw he might not win, applied the brakes and slid 55 feet. The car then stalled on the tracks and Cipov got out in a hurry.

Persons seeing the wreckage and not knowing that the driver escaped, turned in an alarm intended for the Antioch Rescue squad. The wrong control was operated and the fire department got the call instead.

## Lake Villa Grade School Band Will Be Featured Tue.

### Antioch Community Band to Present Youngsters as Guests

Continuing the series of twice-monthly concerts, the Antioch Community band will present as guest artists the Lake Villa Grade School band on Tuesday evening, August 2. The youngsters until the direction of Thala Rush, will appear about 7:55 strong, and are certain to make a hit with the listeners, if their music is on a par with that which they presented last year as guests of the local band.

Louis Chenette, director of the Antioch band, has listed the program as follows:

Antioch Community Band:  
March: The Marching Band ..... Kleffman

Overture: Eroica ..... Beethoven-Skornicka

March Paraphrase: Gypsy Baron ..... Strauss-Walters

March: Field Tactics ..... Holmes

Lake Villa Grade School Band:

Selections from the following:

American Youth March ..... Ivanoci

Waves of the Danube ..... Strauss

Pizzicato Polka ..... Popular

Melody of Love ..... Buchtel

Overture: Lochinvar ..... Hymn

Selected Marches

Hymn

Trombone Swing ..... Chenette

Antioch Community Band:

March: On Parade ..... deLamater

Hymn: Holy, Holy, Holy ..... Arr.

Novelty: Dancing Tambourine ..... Yoder

Suite: Television ..... Walters

1. Sagebrush Saga

2. Whodunit

3. Hayloft Hoedown

4. Big Name Band

March: Washington Post ..... Sousa

Sacred Concert Aug. 21

Plans are now being made for the first annual sacred concert by the band. The concert will be held Sunday, Aug. 21, at 7:00 p. m., and will be completely sacred in style. Featured will be a choir composed of members of church choirs of the Antioch area.

## Lions Carnival Opens Wednesday, Aug. 3rd

The annual Lions Club carnival will open for business at the Antioch high school grounds next Wednesday evening, Aug. 3, at 7 p. m. and will continue through Sunday evening.

Robert Jensen, chairman for the carnival said that the usual rides, games and concessions would be provided, and that a nightly drawing for prizes will be held. He explained that it will not be necessary to make a purchase or buy a ticket to be eligible for the prizes, but one must be on the grounds at the time of the drawing.

A merry-go-round, Ferris wheel, tilt-a-whirl and two kiddie rides will attract the younger folks, while other amusements will be provided for older residents.

For many years, a large part of the funds used for community service by the Lions club has been derived from the annual carnival.

## Junior American Legion Beats Mundelein 16-0; Draws at Libertyville

There is an old saying that "the worm will turn," and while far from classifying the Junior American Legion baseball team as worms, the ever-defeated Antioch nine turned and swatted the Mundelein team there last Thursday 16 to 0.

It was a complete rout and could have been much worse had not the coaches decided there would be no victory unless the full 4 1/2 innings were played so the Sequoits managed to get out quickly the rest of the game to beat the darkness.

Backed by the good pitching of Wayne Thompson who held the Mundelein to sparse hits, the Antioch team scored 14 runs in the second inning on four bases on balls, five hits, those of Jim Myers and Eddie Mack going for extra bases, and Mundelein misplays.

Antioch battled Libertyville to a 3 to 3 tie Monday, darkness bringing the game to a halt there. Wayne Swanson started the game but was relieved in the third by Eddie Mack who with the bases full and two out, fanned the third man and ended the threat. The game will be replayed next Wednesday.

Antioch will play an as yet unselected opponent Monday evening, and next week's games will bring the season to a close because of the shortness in the time of practice.

### Water Hazards

Swimming is one of the most relaxing and pleasant of all sports, yet more tragedies are associated with this activity during the summer months when public pools, beaches and lakes attract thousands of men, women and children, the Educational Committee of the Illinois State Medical Society points out in HEALTH TALK.

Apart from its relaxing effect swimming is an excellent body builder. It not only provides mental relaxation and muscular activity, but encourages body co-ordination. The buoyancy of the water gives to the body the sensation of having greater muscular strength and resiliency than really exists. For this reason, swimming and exercise in supervised pools have proved of great therapeutic value in rehabilitation, particularly in such conditions as poliomyelitis and arthritis.

Swimming, on the other hand, can be dangerous. Not all deaths and accidents attributed to this sport are in non-swimmers. Excellent swimmers have developed leg cramps which incapacitate them, frequently resulting in death by drowning. Proficient swimmers, too have lost their lives when a practical joker has thrust them, still clothed, into the water.

A practical joker is a social nuisance at all times, but particularly so when his victim is at a disadvantage. A dangerous practical joke is pushing or ducking others into the water. In a young child this can inspire a fear of water which, frequently, can not be overcome. And tragic results can stem from being held forcibly under the water too long.

Everyone should learn to swim. The knowledge is also a safety device and a life-saving measure if a person is involved in a water accident of some kind, such as an up-turned canoe or row boat. The ability to keep afloat until a rescue has been achieved has saved numerous lives.

Children should be taught to swim early in life. They should be under constant supervision by an adult who knows how to swim. Neither should children be allowed to stray off to lakes, beaches or pools by themselves. Accidental falls into even shallow water have taken lives of tiny tots.

Swimming can be fun, but there are some conditions that can develop if proper precautions are not taken. For example, children and older people who are subject to ear difficulties should swim only with their physician's permission. No one with a discharging ear or a perforated eardrum should attempt to swim. Violent nose blowing to remove water should be avoided. These precautions may prevent a per-

manent hearing loss.

Swim in safe places. Be sure the water is free of contamination and pollution. Don't leave yourself open to infection. From a standpoint of health, water in which one bathes should be just as free from disease germs as the water one drinks.

Don't dive into unknown waters. Hidden stumps and rocks have resulted in broken necks. Don't overdo. Don't try for the shore across the lake the first time out. Take it easy. As in everything else, use moderation and good sense. Avoid swimming when chilled, overheated or exhausted.

Learn to swim. Teach your child to swim. Then be careful. Let the sport give you the enjoyment it affords, as well as exercise and relaxation. Don't be an accident statistic. Swim safely so that you can return again and again to one of the favorite of all outdoor sports.

\* \* \*

### It Can Be Done

Writing in the American Magazine, Senator Byrd had this to say about federal spending: "Sometimes you may get the discouraged feeling that forces are now loose in the growth of the federal octopus that are beyond the power of mere man to halt."

"I say they can be halted, and reversed . . . But I might as well warn that it will be done only if you, the taxpayers, make your sentiments known this month and next. Make them known to friends. And make them known to elected officials. You can be more powerful than you realize. Elected officials generally are eager to do what they feel the public wants. The trouble is that the only 'public' they hear from consists of the 'gimme' groups which camp in their anterooms."

If we can't balance the budget in a time of booming business and enormous tax collections, when can it be balanced?

\* \* \*

### Grab-Bag Tactics

A house committee has voted in favor of extensive and costly revisions of the social security law, on an immediate basis. It ignored recommendations by Secretary Hobby and others that the proposals should be given thorough study along with full public hearings.

No matter how one feels about broadening the base of social security and increasing benefits, it is difficult to see how hasty action can be justified. To vote major legislation on a hurry-up basis is to invite all kinds of problems and dangers. The only sound procedure is to take whatever time is needed to study the proposals, let all points of view be heard and considered, weigh the pros and cons, and then vote.

It is reported that there is strong sentiment in the Senate for doing just that. May it prevail—in the interests of the taxpayers, and of the social security beneficiaries now and of the future.

Now that a compulsory social security system upon which millions of citizens are utterly dependent, has become an established part of our lives, it would be nothing less than criminal to alter it except in a spirit of the highest statesmanship. The integrity of social security is synonymous with the integrity of our money.

Wednesday after spending three weeks with the Vernon Cubberlys at Three Lakes, Wis.

Mr. and Mrs. Arthur Riegler and their family and relatives from Chicago enjoyed a picnic dinner Sunday at the Riegler home.

Mr. and Mrs. Harley Clark and Glen and Bob, Mr. and Mrs. Walter Fontaine, Mr. and Mrs. Clayton Engh and children spent Sunday evening at the James Bonner home at Kansasville, Wis., in honor of Barbara Bonner's second birthday.

Mr. and Mrs. Kenneth Anderson of South Bend, Ind., were over night guests Wednesday at the C. P. Weber home.

Mr. and Mrs. D. H. Minto and family attended funeral services for Mrs. Minto's brother John Holloway, of Union Grove, held in Kenosha on Tuesday.

Miss Josie Mann spent Tuesday at the home of her brother, Harvey Mann, in Waukegan.

Mr. and Mrs. Harry Shank and son, Bob, Mr. and Mrs. Elmer Hau-

ser and family and Mr. and Mrs. Jesse Janus and family, Mr. and Mrs. Orville Hairrell, Jr., and family, Mr. and Mrs. Dee of Waukegan attended a picnic held at the home of Mr. and Mrs. Orville Hairrell in Waukegan.

Mr. and Mrs. C. P. Weber and daughter Sharon spent the weekend at the K. L. Anderson home in South Bend.

Mrs. Wallis Hines and children of Aurora, Ill., spent several days at the D. H. Minto home.

### MILLBURN

Home Sunday services will be held Sunday morning at Millburn Congregational church July 31 at the usual hour, 11 o'clock. Dr. Clarence McCall will be the guest minister. Dr. McCall is Associate Superintendent of the Illinois Conference and Christian Churches of the Chicago area. Plan to come next Sunday. Bring dish to pass. Rolls, butter, coffee and dessert will be provided by the church. There will be no Sunday School at Millburn next Sunday.

Rev. and Mrs. L. H. Messersmith will be instructors at a Conference for boys and girls at Pilgrim Park Camp, Princeton, Ill., this week Monday through Saturday morning.

Mrs. Hubert Davis, Miss Norma Welch, Miss Chloe Diedrich and Miss Sharon Weber left Sunday for a week at Tower Hill Workshop, at Tower Hill Camp, Sawyer, Mich.

W. G. Thom of New Albany, Ind., was a dinner guest at the Leslie Bonner home Thursday while enroute to visit relatives, the George Dodge family at Jim Falls, Wis.

Mrs. W. M. Bonner, Mrs. Gordon Bonner, and Mrs. Russell Doolittle attended a bridal shower Tuesday afternoon for Laura Pedley of Long Lake given at the home of her aunt, Mrs. Will Corris.

Mrs. Sophrona Murrie, Mrs. Tom Harness, Mrs. Ernest Wells, Mrs. William Duncan and Mrs. Eric An-

derson attended the Past Matrons Club of the O. E. S. at the home of Mrs. Max Irving at Salem, Wis., Thursday evening.

Several children from Millburn attended the Kid Rodeo at Wadsworth Sunday afternoon.

Mr. and Mrs. Robert Clark attended the reunion and picnic of Antioch High school class of 1945 at Fox River Park, Sunday. Mrs. Clark was a member of the class.

Mr. and Mrs. Oscar Neahous returned home Friday after spending several days at the home of their daughter, Mrs. Al Baumgart at Union Grove, Wis.

Mr. and Mrs. Herbert Messner spent Tuesday afternoon with Mrs. Messner's mother, Mrs. Elsa Lutz, in Chicago.

Mr. and Mrs. J. Kaluf and Mr. and Mrs. Frank Edwards spent Friday evening at the John Edwards home in Libertyville in honor of their grandson Ronnie's twelfth birthday anniversary.

Frank Ryan received word Thurs-

day that his mother had passed away Wednesday evening at International Falls, Minn.

Dr. and Mrs. Allan Thain and son John are visiting Mrs. Thain's parents, Mr. and Mrs. Lazarator in Lake Villonge, Ind.

Mrs. James Lahey accompanied her daughter Phyllis to Milwaukee Friday where Phyllis made her placement test at Marquette University where she will enter this fall.

Rebecca Anderson returned home

## Chevrolet's got more GO!

Chevrolet's "Turbo-Fire V8" pours out more horsepower per pound than any other engine in its field. That's one of the things that make Chevrolet the new winner in stock car competition. It's one reason young-minded, on-the-go people take to the new Chevrolet like trout take to water. And it's one reason you really ought to try this new Chevrolet yourself. Soon, we hope... if only to see why Chevrolet's causing such a commotion!

**DRIJE CHEVROLET, Inc.**

Antioch, Illinois

FEATURE FOR FEATURE  
...CHEVROLET'S  
GOT MORE FOR YOU

9 engine-drive choices  
on all models

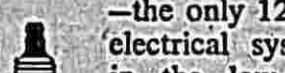

Two great 8's—the 162-h.p. "Turbo-Fire" or, optional at extra cost, 180-h.p. "Super Turbo-Fire"! Two great "Blue-Flame" 6's — most powerful in their field. And three modern drives to suit your driving!

Best known, best liked  
body in the business

You'll find Fisher Body on some of America's high-priced cars and on Chevrolet. But not on any other car in Chevrolet's field!

12-volts for twice  
the punch

Chevrolet has 'em — the only 12-volt electrical systems in the low-price field. You get quicker starting in all weather, plus finer performance and a greater reserve of electrical power.

Something new in  
steering and suspension

With Ball-Race Steering and Glide-Ride Front Suspension, this new Chevrolet rides, handles and corners like a sports car!

## WILMOT

Mr. and Mrs. Frank Lux of Philadelphia, Pa., announce the birth of a son on July 24, at the navy hospital. Mrs. Lux was formerly Arlene Kunz, daughter of Mr. and Mrs. Ben Kunz, Wilmot.

"How do you get her to  
cook in this weather?"

"Easy, I got her a new  
electric range!"

Keep your kitchen  
10 degrees cooler  
with a new  
electric range!

Recent impartial baking tests (made by independent engineers of the R. W. Hunt Company) prove that modern electric ranges keep your kitchen an average of 10 degrees cooler than the most modern flame type ranges.

New Share-The-Cost Installation Plan saves you important money. Own an electric range for as low as \$2.16 a week — installed!

Al: "Well, I know they're a lot cooler to cook on, but..."

Bill: "Man, that's not the half of it! Ann says our new electric's just as fast as any other kind. And it sure is cleaner. Haven't had to wash the kitchen walls once since we got it!"

Al: "Sounds kinda rich for my blood. What'd it set you back?"

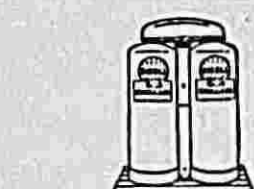

Bill: "Not so much. We're paying it off a couple of bucks a week. Besides, they brought in 240-volt wiring when they put in the range."

And boy, do we need it with all the appliances we've added.

Hey, here comes the coffee!"

Mr. and Mrs. Andrew Fencma of Kenosha and Mrs. Effie Hartnell and Mr. and Mrs. George Blemmer drove to Dubuque, Iowa, on Sunday.

## BETTER HEALTH FOR WORKERS

The American Medical Association has appointed a special committee to meet with labor and management in a joint effort to solve the medical problems of working people. The announcement said: "This new committee is intended to supplement the work of various agencies in the AMA which have devoted much time and effort to the consideration of industrial health and hygiene, workmen's compensation, rehabilitation, and union health and welfare programs, all of which will be continued."

The announcement made another important point in these words: "This committee offers great possibilities for determining whether attitudes on many of the vexing health problems are irreconcilable or offer a genuine opportunity for mutually helpful activity."

It would be tragic indeed if such an opportunity did not exist. After all, the goal of everyone concerned

is the same: better health. Labor wants that, industry wants that, and the medical profession wants that. It is natural that there should be divergent points of view—but certainly, these can be modified and

reconciled in order to serve the common good of all.

Moreover this is the way to go about it—by voluntary meetings and discussions between representatives of the three groups. In this coun-

try we have pretty well proved that free men working under the free system can solve any problem within the realm of humans. Health is no exception to that splendid rule.

# Most Modern, Shortest Stroke V8's\* in any leading truck!

## New Chevrolet Task-Force Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction . . . greater efficiency . . . longer engine life!

Here are more dollar-saving reasons why new Chevrolet trucks offer you the most modern V8's\* your money can buy!

**MODERN 12-VOLT ELECTRICAL SYSTEM**  
Double the punch for quicker starting and more efficient ignition for finer performance.

**GAS-SAVING HIGH-COMPRESSION RATIO**  
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

**EXTRA-HIGH POWER PER POUND**  
Since these V8's deliver high power per pound of engine weight, more

power is available for hauling.

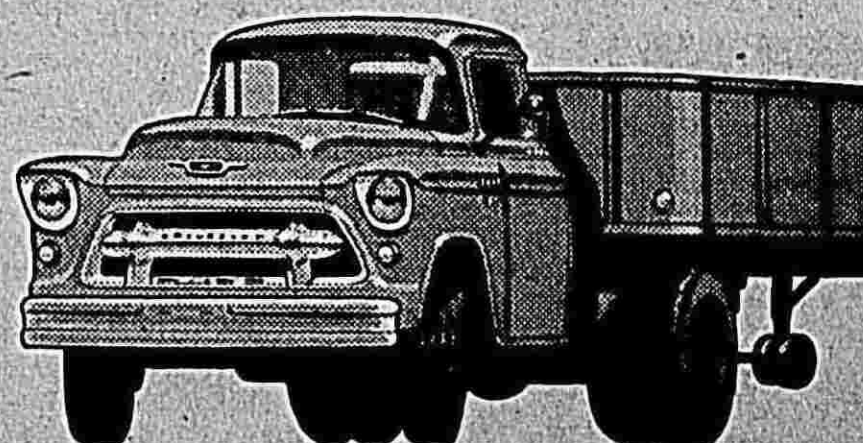

**ADVANCED AIRCRAFT-TYPE VALVES**  
Valve action is more positive for finer, smoother performance.

**FLOATING OIL INTAKE . . . FULL-PRESSURE LUBRICATION**  
Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

\*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Year after year . . . America's best selling trucks

# SOCIETY EVENTS

## Antioch Assembly Has Important Role in State Meeting at Springfield

Members of the Antioch Assembly, Order of the Rainbow for Girls are playing a prominent part in the Grand Assembly of the order at Springfield.

Last evening they had charge of the table decorations for the main banquet at which 500 delegates and their advisors were seated at the Abraham Lincoln hotel.

Tomorrow evening they will be dinner guests of Fred Swanson.

The Antioch delegation is staying at the St. Nicholas hotel. Phyllis Petersen is serving as Grand Nature and Mrs. Elmer Hunter is in charge of all practices for the session. Sharon Gibbs and Marilu Bushing are singing in the choir.

The Grand Cross of Color degree will be presented to Phyllis Petersen, Phyllis Pincombe, Mrs. Donald Gibbs, Mrs. Robert Mann, and Mr. Swanson for their outstanding contribution to the work of the order. Marilu Bushing and Phyllis Pincombe are serving as official delegates.

Others not previously mentioned who are attending the state meeting are Faye Mann, Sue Barnstable, Donna Gibbs, Sharon Gibbs, Diane Mantis, Peggy Cardiff, Clara Lassen, Eleanor Storck, Sigrid Petersen, Margo Ott, and Mrs. C. L. Heath, mother advisor.

Sessions of the grand assembly are held in the armory at Springfield.

Tomorrow will be spent by the girls at New Salem where they will be guests of the Springfield Shriners. The convention will close with the election of officers. Jacqueline Mydlack of Chicago, is the retiring president.

All of the Antioch contingent will be home by Sunday.

## Antioch Acorns to Have Representative at State Fair 4-H Competition

Mary Herman, junior leader of the Antioch Acorns 4-H club received a blue ribbon for her sewing and was chosen as one of 12 Lake County 4-H Club representatives to the Illinois State Fair at Springfield during the county judging at Wauconda Monday. Appearance at the state fair will be August 17-19.

Also receiving blue ribbons at the Wauconda exhibit were Helen Herman, Judy Keulman, Barbara Kisel, Clara Lassen, Karen Lightsey, Janet Polley and Joan Proesel.

Girls receiving red ribbons for sewing were Mary Anderson, Susan Gilday, Janet Keisler, Sandra Kujes, Marcit Kulp, Emily Reichenbach, Cathy Scully and Dee Stillson. Jane Lassen and Merry Keulman received red ribbons for a cooking demonstration.

A meeting of the club will be held at 2 p. m. Monday when plans will be made for achievement day.

## TO MAKE FINAL PLANS FOR ALTAR-ROSARY PARTY

Final plans will be made at the home of Mrs. Francis H. Mitchell at Petite Lake Park, Lake Villa, on Wednesday evening, August 3, for the Salad Bar luncheon and card party to be held at St. Peter's church and school halls in Antioch, at 1 p. m. Wednesday, August 10.

Mrs. Mitchell, who is general chairman, will have the following members of the Altar and Rosary society helping her:

Mesdames Thomas Quilty, Sr., Raymond Yancey, Daniel Lightsey, Charles Solar, Walter Delaney, Richard Hedberg, Walter Farrell, Anthony Scully, Harry Bachman, Walter Peterson, Winsor Dalgard, Marshall Haydon, John Cahill, William Bosworth, Peter Freund, Melvin A. Umehofer, Joseph De Stephano, Henry Baillitz, Edward Martin and Harry Jesse. Helping in the dining room will be some of St. Peter's school girls: Pamela Mitchell, Karen Lightsey, Deane Peterson and Patricia Jesse.

## MMES. PETTY, KUFALK ENTERTAIN W. S. C. S. LEADERS AT LUNCHEON

Mrs. W. C. Petty, membership chairman of the Women's Society of Christian Service of the Methodist church and Mrs. Roy Kufalk entertained at a salad luncheon Tuesday at the Petty home, 16 members of the organization. Many of those present were circle leaders and plans were made for the organization of circles next year.

## LEGION AUXILIARY TOLD OF GIRLS STATE MEETING

Rosalie Morris acquainted members of the American Legion auxiliary last Friday evening with the nature and procedures of Girls State to which she was sent by that organization as a delegate recently. Co-hostesses of the meeting were Mrs. Eva Gaylord and Mrs. Laura Pack-zowski.

## BURLEY-CHAMPLIN PLANS FOR WEDDING ANNOUNCED

Announcement was made by Mr. and Mrs. S. E. Burley of rural Waukegan of the marriage next autumn of their daughter, JoAnne to Paul Champlin, son of Mr. and Mrs. H. R. Champlin of Antioch.

## Local Church to Present Lecture on Christian Science by A. H. Exo

How to apply Bible teachings to solving everyday problems will be the topic of a public lecture on Christian Science to be delivered in Antioch on July 31st, by Arnold H. Exo of Chicago, it was announced today.

A member of The Christian Science Board of Lectureship, Mr. Exo will speak under the auspices of Christian Society in Antioch Town-

Arnold H. Exo

ship High School Auditorium at 3:30 DST. His subject will be Christian Science Reveals Man's Greatness.

Mr. Exo is currently on a nationwide lecture tour. A native of Iowa, he had a successful career in the sales and advertising field prior to leaving the business world to devote his full time to the practice of Christian Science. He has been active in the denomination since 1928 and served as a Christian Science Wartime Minister during World War II. He has been an authorized teacher of Christian Science since 1949.

## MRS. SPIERING HOSTESS TO A. W. C. BOARD

Mrs. Clarence Spiering, president of the Antioch Woman's club will entertain the members of the organization's board with a 1 p. m. dessert luncheon at her home Monday, Aug. 1. Mrs. Donald Stowe and her committee gave one of the club's monthly parties for the Downey Veterans' hospital patients last week.

Mr. and Mrs. Fred Wohlfel, Largo, Fla., are spending a week at Bluff Lake with their son, Harold. The Wohlfels are well known here, having been operators of a tavern on Grass Lake road for many years and afterwards in the resort business at Channel Lake. After their retirement some years ago they settled at Largo. After leaving here they will spend a week with another son, Lyle, of Western Springs, then returning to Florida.

Robert Arthur and family of Channel Lake have moved to Culver City, Calif., where Mr. Arthur will be employed with the Hughes Aircraft Company as technical editor in electronics.

Misses Mary and Deedie Tiffany left Sunday for a month's vacation at their cottage on Lake Superior, Copper Harbor, Mich.

Mr. and Mrs. Hugo Gussarson are getting settled in their new home, just built on Highland Ave., Antioch. They have sold their former home at Channel lake.

## LIBRARY NEWS

Ross Santee is a cartoonist who became a cowboy and has provided some fine illustrated books on life in the west. "Apache Land" is one of his best, giving us wonderful tales of Cochise, Geronimo and other colorful characters of the Southwest. "Apache Land" was presented to the Antioch Township Library in memory of Arthur Bock.

Another fine book about the southwestern part of our country, Paul Horgan's "Great River" is a history of the Rio Grande River and its enormous valley. The Rio Grande has been the scene of Indian civilizations, Spanish conquest, and of stormy and peaceful relations with Mexico. "Great River" was published in two volumes and the books were given to the library in memory of Mr. and Mrs. Chase Webb.

In the field of the physical sciences, four books have been added to the library in memory of Victor Bown. "Science in Our Lives" is Ritchie Calder's attempt to explain the giant strides of science in relation to our everyday lives. "Atoms for Peace" by David O. Woodbury is a report on the possibilities that the discovery of the enormous reservoir of atomic power holds for man.

The adaptation of atomic energy to the needs of industry and the beneficial uses of radiation in medicine are explored in terms of the future. If you would know about the marvelous electronic devices now common in everyone's home, "The Amateur's Guide to TV, Record-player, Hi-Fi and Radio Repairs" is the answer. It is published by Popular Science and has many useful diagrams and pictures. An enchanting book for old or young, Arthur C. Clark's "The Exploration of the Moon" tells of the perils of a rocket journey to the moon and what hazards man would have to overcome to explore that satellite. Many fine pictures provide illustration for the text.

## Annual Moose Picnic Will Be Held at Fox River Grove Aug. 7

Women of the Moose, Antioch Chapter No. 735 held their regular business meeting on Thursday, July 21 and balloted favorably on a new candidate La Verne Wizenowicz, sponsored by Constance Kennedy.

The executive officers have accepted an invitation to go to Highland Park on Sunday, July 31 for a hand-book session. The following Sunday, August 7, is set aside for our annual Moose picnic to be held at Fox River Grove, which all members and their families are invited to attend.

Tentative plans were discussed for the sponsors' dinner to be held in April. Co-worker Betty Heath has requested that any ex-officers or members who have white or colored formal to please contact her. Officers and chairmen are asked to attend a special meeting to be held on Thursday, July 28, with the officers to meet at 7:30 and the chairmen at 8 p. m.

Mrs. William Horton and Mrs. Leslie Palmer of the Friendship committee have asked to be contacted if there is any illness among the co-workers, so that they may send cards. Co-worker Pearl Anderson at Victory Memorial hospital following a serious operation will be receiving one.

Meeting was adjourned and refreshments were served by the officers committee.

## Woodcrest Picnic Set For Saturday; Benefit Roads of Subdivision

The annual Woodcrest Subdivision Association picnic will be held this Saturday, July 30, and will benefit a fund currently being raised to blacktop subdivision roads.

The site of the picnic is the junction of Lake Avenue and the channel, west side of Channel lake.

According to members of the committee, entertainment for the whole family will be provided, and especially for the children when Chubby the Clown takes over with hilarious antics. A charge of \$1.00 per family will be made for entry to the grounds.

A good many business houses of the area have donated fine prizes to aid in the fund raising picnic.

Mrs. Harold Gaston, Mrs. H. E. Shepard and daughter, Mary and Miss Lila Warren, spent Friday and Saturday in Chicago.

## Downey Hospital in Need of Librarians

It was announced by Dr. Lee G. Sewall, manager of the Veterans Hospital, Downey, Ill., that there is urgent need for Librarians. Starting salary for this position is \$4080 per year. To be qualified for this position, applicants must have completed one of the following: (a) four

year course in an accredited college or university, including or supplemented by 30 semester hours of library science; (b) one full year of professional library training in an accredited library; (c) four years of successful and progressive experience in library work, or a combination of a, b, and c. In addition, six months of experience in professional work including supervision

or direction of one or more of the professional library activities. Applicants selected will enjoy all the usual benefits of Federal civil service such as annual and sick leave, federal group life insurance, and periodic pay increases. Quarters are available on the station. For further information, call Ontario 2-1900, extension 425 or write to the Personnel Officer, VA Hospital, Downey, Ill.

Get a "YOU WIN" Deal during our

## She's Stepping Out

## and Why NOT?

She has Modern Automatic GAS Appliances!

We cordially invite you to visit our exhibit at the

## Lake County Fair

July 28, 29, 30, 31

SEE the wonderful feature-packed gas appliances on display at our booth. (Don't miss the smart new GAS Built-ins... oven and burner "separates" that give you the utmost cooking convenience!)

MEET Jean Conway, our Home Service Advisor — she'll answer your homemaking questions.

WE'RE LOCATED... in the "Commercial" Tent

Appliances exhibited are available at our store, or your Dealer's.

You use your time as you wish... when the silent, dependable GAS Flame is on the job in your home! Modern GAS appliances are designed for Modern living... to Cook, to Refrigerate, to Heat Water, to Dry Clothes, to Dispose of Garbage—all with so little attention on your part you're "free as the breeze".

Thousands of families all over Northern Illinois prefer GAS and depend on it every day of the year to make living easier and more pleasant. No other fuel offers so much low-cost comfort—GAS appliances cost less to install, less to use, less to maintain. Whether you are building, buying or remodeling your home, get the most for your money—Choose Modern GAS!

## Remember—

the GAS piped into your home readily accommodates any GAS appliance. No costly service connections are needed.

GAS does it better... for LESS!

NORTHERN ILLINOIS Gas COMPANY

### Fair Program Features Four-H Entertainment

The highlight of the Lake County Fair at Wauconda opening night entertainment program Thursday (tonight) will be a program of music, stunts and dances presented by 4-H Club members. The Lake county fair opened this morning at 10 o'clock, and will continue through Sunday night, July 31. Eighteen of the top acts presented at the County Share-the-Fun festival will be presented on the stage at the Lake County fair. One of the numbers, a Japanese Folk Dance, with the members in Japanese costume, will be presented by the Lucky Stars 4-H club. They were given a superior rating at the district festival and will represent the District at the Illinois State fair.

Sandra and Charlotte Parker, of the Mundein Lassies will present a baton twirling exhibition. They were rated Superior at the district festival, and will be at the Illinois State Fair.

James Smith, who was rated Superior at the district festival, will present a violin solo.

Barbara and Catherine Young of the Kildeer Clovers 4-H club will present a piano and guitar arrangement of Evening in Portugal. The We Willing Workers 4-H club will present an old time German band, and will render "Waltz Melody." They represented Lake County at the district contest. The Channel Lake Chicks will give a vocal arrangement of the "Siamese Cat Song." The Indian Creek club will present "The Insomniacs." A duet from the Jolly Bunch will present "Open Up Your Heart." The Katydids will have two vocal solos entered. A group of girls from the Mundein Lassies will present a vocal ensemble. Barbara Mehrens of the North Prairie club will present "Nursery Verse," and Margaret Scheffner of the We Willing Workers Club will present "Indian Love Call."

### Lions Approve By-Laws Of New Lions Community Service Corporation

Membership of the Antioch Lions club acted to approve by-laws of the Lions Club Community Service Corporation, a non-profit corporation which has been set up to construct and operate a swimming pool for Antioch community, at a meeting of the club held Monday evening at Smart's Country House.

A short report on progress and the swimming pool committee was submitted by Dr. G. W. Jensen, chairman of the committee. He revealed that Walton and Walton, Evanston firm of architects which has been engaged to design the pool, have been in Antioch making preliminary surveys of the Village Park property, and will have first sketches of the proposed design ready within two weeks. Jensen added that a drive to sell bonds will begin immediately after the design and approximate cost of the pool can be determined.

Official Air Force movies showing in graphic detail the devastation caused by exploding of atom bombs over Hiroshima and Nagasaki, Japan were shown by Warrant Officer Don Francisco of the United States Air Force, Francisco, who is well known here, explained that his appearance at the meeting was part of a plan of education whereby the Air Force expects to acquaint residents of the area with what the Air Force is doing, in the way of prevention of a like disaster here. He added that residents of the lake region are likely to become better acquainted with jet aircraft when the new base at Kansasville, Wis., is in operation, only 17 miles north of Antioch. A second movie by North American showed the F-86 jet aircraft which is in use by the Air Defense command.

### Jewelers to Use Cherub As Symbol of Business

Chicago, July 25—For jewelers throughout the country, this year's Christmas time will be cherub time. Enacting a nation-wide promotion program known as "Operation Cherub," the jewelry industry has adopted the cherub as a trade-mark—a symbol that jewelry stores from coast to coast will display.

Robert Jensen of the Jewel Box who is attending the National Jewel Fair and the annual convention of the National Jewelers Association, expressed gratification at the industry's choice of a symbol.

"For our business," he said, "the selection is just about perfect. Always the cherub has symbolized joy and gladness. Cherubs were called 'angels of light' by the ancients."

Mr. Jensen also expressed pleasure at the assortment of merchandise the jewel manufacturers have designed and produced for this year's gift-giving season. He said:

"I've never seen so wide a range of quality jewelry and attractive gifts that can be offered to the public at prices within the reach of everyone."

Mr. and Mrs. Charles W. Wikoff and family of Urbana spent last week with Mrs. Wikoff's parents, Mr. and Mrs. Joseph Rhymer at their Loon Lake home. On Sunday they attended the reunion and picnic of the Antioch Township class of 1945 of which Mrs. Wikoff is a graduate. The reunion was held at Fox River Park.

### Thrillers for Wilmot Fair

The Sky Dancers — Betty and Benny Fox—will be headliners in the show at the Kenosha County Fair which opens Thursday, August 11, for a four day run. The Foxes will perform daily afternoon and evening, Thursday through Saturday. On Sunday the Bar-M Rodeo show will take over the entire program.

### Kenosha County Fair Acrobats

The Langs, one of the most exciting acrobatic acts to appear on any program will be featured at the Kenosha County Fair beginning August 11 through the 14th. From their diving tower and teeter board they throw themselves through the air seemingly without regard for life or limb, and are sure to draw applause. Triple and quadruple somersaults will keep the audience gasping one moment while skillful clowning will have them laughing the next. The Langs are at the top of their profession and are certain to provide good entertainment.

**Mrs. Davis' Sister Dies**  
Mrs. F. A. Davis left Antioch on Wednesday evening to go to Medford, Wis., where she was called owing to the death of her sister, Mrs. John Shereda. The funeral will be held there on Friday morning.

**Undergoes Surgery**  
Henry Kopecky of Antioch underwent surgery at Victory Memorial hospital, Waukegan, Monday.

Jack Woods of Lake Marie entered Michael Reese hospital, Chicago today (Thursday) and will undergo surgery on Friday. Mrs. Woods accompanied him in to Chicago.

William Gerber took his Sunday school class, also his son, Jimmie, and daughter, Carol, to Madison, Wis., on Saturday where they went through the Capitol building and also visited the zoo.

Mrs. B. R. Burke and her son Robert and family of Waukegan returned home Monday after spending a week at Copper Harbor, Mich.

Antioch Assembly Order of Rainbow for girls observed friends night Monday evening at the Masonic hall.

### Rescue Squad.....

(continued from page 1)

and other ill or injured persons with a softer ride.

Members of the Squad committee this year are Loren D. Sexauer, chairman; Edwin J. Sletten, treasurer; and William E. Brook, Edmund F. Vos, John P. Miller, and Frank Powles, directors.

Contributions can be made by mail by use of a self addressed envelope enclosed with each of the letters, or at the First National Bank of Antioch.

### State Employees Must Return Signed Loyalty Oath Before July 31st

Employees of Secretary of State Charles F. Carpenter today received copies of the loyalty oath now required of all state employees to be signed, notarized and returned before the end of the current pay period.

Under the provisions of legislation adopted by the recent session of the General Assembly, no person may be paid with state funds unless and until he signs the oath. Governor William G. Stratton signed the measure two days ago, July 18.

In the oath, employees state they are neither members nor affiliated with "any organization which advocates the overthrow or destruction of the Constitutional form of the government of the United States or of the State of Illinois, by force, violence or other unlawful means."

The signed oaths must be returned before July 31.

Town of Antioch

## More Users, But Electricity Now Less A Killer

NEW YORK — Fatal accidents involving electric current have decreased in the past quarter century from nine per million population to seven per million population in the United States, although the number of consumers of electricity has about doubled and the use of appliances and power tools has greatly increased.

Safety campaigns fostered by the electric light and power companies and by other agencies are credited with having contributed to this improved record.

Fatal accidents from electric shock—which now take about 1,000 lives yearly in the United States—reach their peak during the summer, with more than two-fifths of the year's fatalities occurring during June, July and August.

The higher mortality in the summer largely comes from increased activity in the repair and extension of electric lines, the generally greater amount of outdoor work, and the fact that the body is more likely to be wet from perspiration, with its resistance to electric shock consequently lowered.

About 85 per cent of the fatalities annually occur among males, reflecting the effect of occupational hazards.

Accidents in the home account for one-sixth of the deaths due to electric current among males, and for about four-fifths of those among females. These home accidents are brought about by such varied circumstances as defective extension cords, the falling of a radio, fan, heater, or other appliance into a bathtub where a person is bathing, and children playing with exposed wires, light sockets and defective appliances.

## Employers Rate Teen-Agers Highly

NEW YORK — Despite public concern over today's teen-agers, recent high school graduates working for New York City firms rate fairly high with 255 employers reporting on their work habits, social attitudes and basic skills in a survey recently made public.

The companies graded their young employees generally higher in personal attributes as integrity, ability to get along with others, desire to develop and progress, fairness, courtesy and neatness than in the basic skills of reading, writing, arithmetic, grammar and spelling.

Participating companies were asked to grade the graduates on the basis of poor, fair, good and excellent. The survey report showed that 76 per cent of the 255 employers believed development of better work habits merited increased attention of the schools, while 69 per cent would like to have more attention paid to basic skills and 33 per cent to social attitudes.

## Neighbors Suspicious As Van Unloads Slots

EL MONTE, Cal. — Neighbors watching a moving van unload in front of Mrs. Patricia Shedley's home were slightly startled when the driver unloaded 11 slot machines.

Sheriff's Vice Squad officers rushed to the scene. Van driver David Diaz has an explanation:

In Bremerton, Wash., he had loaded Mrs. Shedley's furniture for transport here. In Tacoma the van picked up the one-arm bandits for delivery in Las Vegas, Nev.

To get Mrs. Shedley's furniture out of the van, Diaz and his helper had to first remove the slot machines. "How was I to know it's against the law to haul the machines through California?" he asked.

## Couldn't Lift Wife, So He Left Her There

CHICAGO — John Vedeckis, 72, isn't the kind to get excited. Vedeckis was calmly standing around a neighborhood candy store telling friends how his wife, Anna, 75, had fallen into a trunk the day before.

"Did she hurt herself," they asked.

"I don't know," he replied, "she's still there."

They rushed to the house and there she was, trapped in the trunk with only her arms and legs protruding. Vedeckis explained he wasn't strong enough to pull her out, so he went to sleep.

Mrs. Vedeckis was hospitalized for examination.

## Dedicated Musicians

EUREKA, Calif. — Music means so much to the residents of this sparsely populated section of Humboldt county that some of the 60 members of the Humboldt Little Symphony travel 130 miles weekly to attend rehearsals.

The Little Symphony has been making music in this part of California since 1933. Members are mostly housewives, ministers, teachers and retired persons.

East Coast reports are that sailings are booked solid for the summer months. From the West Coast are reports that bookings are up 15 per cent.

More than 30,000 Chicagoland residents will go abroad this year, travel sales indicate. The greatest number will be going to Europe.

## THE PROMISE OF AUTOMATION

A short time ago the word automation was virtually unknown. Then almost overnight, it became a major topic of argument and discussion. In various quarters there is a fear that the continued development of electronic devices which

make possible increased production with decreased labor may produce widespread unemployment.

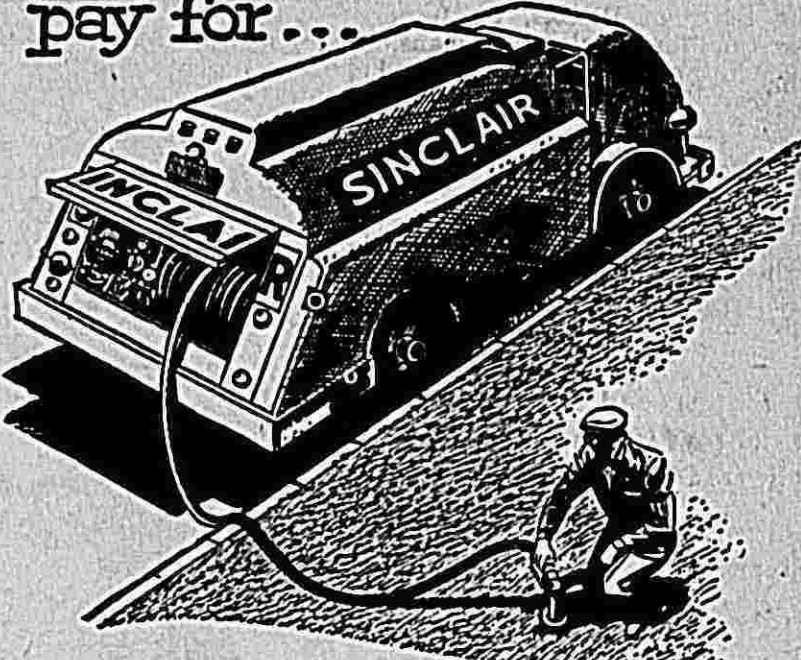

Automation is evolutionary—not revolutionary. It is simply another step forward in applying mechanical power to tasks that once were done by human or animal power. Every advance in that direction has benefited humanity. A chart prepared by the Wilkie Foundation tells the story. In 1850, the average worker's real income was about 8 cents an hour, which would be the equivalent of 40 cents in current money. Now production workers average \$1.84 an hour—and a prin-

cipal reason for that enormous gain is that mechanization has sent man-hour output soaring. A century ago the work week was 70 hours, as against 40 today—again, mechanization was responsible. And in that

century the working population increased almost as fast as the total population—even though child labor was abolished and people live longer and retire earlier. Mechanization made jobs instead of destroy-

ing them. What, then, does automation promise? History supplies the answer—greater opportunity for all, better working conditions, more leisure, and higher living standards.

## Here's why Record-Breaking Thousands Name Pontiac "America's Greatest Buy"!

It takes only one word to explain why today's Pontiac is the most popular Pontiac ever built. That word is VALUE.

Buyers from both ends of the price scale are finding that Pontiac provides just about everything any car at any price can offer. It's a matter of fact, not opinion, that Pontiac is the biggest, most powerful car anywhere near its modest price!

For size, Pontiac reaches high into the fine-car price range—and comes up with a long 122" or 124" wheelbase. This is size where it counts, because nothing beats

wheelbase in providing solid comfort and stability on any road at any speed.

Pontiac's performance is strictly Pontiac's alone—and it stems from the most modern, most advanced V-8 in the industry! Its mighty 200-h.p. Strato-Streak V-8 with four-barrel carburetor\* provides more power than any car within hundreds of dollars of Pontiac's modest price.

Another Pontiac extra value, so easily measured when you get behind the wheel, is the supreme ease of handling that keeps all its eager power and husky bigness under

instant and almost effortless control.

And if you interpret value in terms of appearance—here again Pontiac's your kind of car. Its distinctive Twin-Streak beauty and Vogue Two-Toning will stay new and fresh for years!

And for the final value clincher—bear in mind that Pontiac prices fit easily into any new-car budget!

No wonder Pontiac sales are at an all-time high! Come in soon and drive this wonderful car. We're sure you, too, will join the big swing to Pontiac!

\*Low extra-cost option; 160 h.p. standard

### THERE'S NO POWER LIKE STRATO-STREAK POWER!

Here is the heart of Pontiac's terrific performance—the all-new, ultramodern Strato-Streak V-8! This masterpiece of engine design will deliver up to 200 horsepower with Pontiac's 4-barrel carburetor, an extra-cost option. Come on in, take the wheel and see what Strato-Streak really means!

## Newest thing in Room with a View

**It's the 4-Door Riviera—  
the stunning new hit  
of America's Hardtops**

WHEN Buick introduced this nation's first hardtop—the Riviera—folks went for it, and fast.

They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof overhead. And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right.

People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. And it still is.

Now Buick has come up with another great advance in hardtops—the 4-Door Riviera—and it's a sensational hit.

It has everything the original 2-Door

Riviera has—plus separate doors for rear-seat passengers, and a whole lot more room for them.

Rock-solid half-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—and a completely open sweep of view to both sides.

And the roominess provided by this gorgeous new hardtop is really something—over 9 inches more hiproom and 5 inches more legroom in the rear.

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

That way you can also try Buick comfort, Buick power, Buick ride and handling and roadability—plus the electrifying action of Buick's Variable Pitch Dynaflo.\*

Do it this week—tomorrow would be fine—and you'll see what record volume really means in the way of record-high trade-in deals.

\*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

**Thrill of the year is Buick**

## LAKE VILLA

The official board of the Community church recently elected for 1955-56 held a regular meeting at the church Monday evening at 8 o'clock.

Two services of worship are held at the Community church each Sunday, one at 8:30 and one at 11 a. m.

Circles No. 1 and 2 of Woman's Society of Christian Service will hold a joint meeting at the church on Wednesday evening, Aug. 3 for the purpose of organizing the two groups for the coming year. Mrs. Perry has been elected as president of Circle No. 1 in place of Mrs. Gertrude Blust who was unable to carry on, and Mrs. Bernard Knipple is president of Circle No. 2. Both circles had a part in the recent summer sale and they thank all who helped to make it successful.

Mrs. Pete Hollocker, a recent surgical patient, is recovering at her home.

Axel Hendrickson is a patient at Condell hospital and Carl Meinersmann is in St. Therese hospital for treatment.

Mrs. Mabel Holst of Chicago spent the past week or so with her sister, Mrs. Bessie Boyer at Buena Park.

Mrs. Anna Nader was hostess for the Pinocchio club which met at her home on Tuesday for pot luck dinner and an afternoon of pinocle.

The Lake Villa Volunteer Fire department will sponsor their annual carnival at Lehmann park on the week end of Aug. 12-13-14 with all the usual attractions.

John Perry of Perry Auto Parts went to Cadillac, Mich., for a few

days this week.

Mr. and Mrs. Rolland Reider of Rush City, Minn., were guests of the Blumenschein families here over the last week end. Mrs. Reider and Mrs. Clarence Blumenschein are cousins.

Mrs. Millard Schneider was honored guest at a shower at the recreation room of the fire station on Wednesday evening last week, and 30 or more of her friends and relatives were present to enjoy the evening. Mrs. Oliver Walker and Mrs. Clifford Bartlett were hostesses for the evening.

Mrs. Virginia Smith of Buena Park went this week to visit her niece, Mrs. Kenneth McNamara and family at Portage, Wis.

Clarence Bradee of Grand Ave. has assumed the position of manager of a Kroger store in Chicago this week.

The Harry Pavel and Jack Fath families are enjoying a vacation in Wisconsin for two weeks.

Mr. and Mrs. Fred Troesch attended a going away party for their grandson and family of Skokie. The grandson has enlisted in the U. S. army and will be stationed in the South.

Allan Hamlin left Sunday afternoon for Pittsburgh where he will be stationed with the U. S. army in the guided missile department. He has been at home for 17 days leave after being stationed at Fort Bliss, Texas, for training for some time. He is the second son of Mr. and Mrs. Lester Hamlin.

Mr. and Mrs. Bob Madsen and children visited relatives in Michigan early this week.

### Final Date for Filing Certain Veteran Claims Is August 21, 1955

Representative Marguerite Stitt Church (R) Illinois, has just been advised by the Foreign Claims Settlement Commission of the United States that many eligible ex-servicemen or their survivors who are eligible for benefits under Public Law 615, 83rd Congress, have not yet filed applications for such benefits. Eligible individuals include the following:

1. A member of the United States Armed Forces who was captured during the Korean Conflict.
2. An American citizen who was captured during World War II as a result of service with an allied nation.
3. An American civilian who was interned in the Pacific area during World War II and previously excluded from compensation by reason of provisions of law now removed.
4. An American merchant seaman captured during World War II.
5. An American citizen or member of its armed forces who lost money in the Philippines through sequestration by Japan during World War II.

Mrs. Church suggests that anyone who believes that he qualifies under one of the above categories should write immediately to the Foreign Claims Settlement Commission, Washington 25, D. C. The deadline for filing such benefits is August 21, 1955.

Vacationists are reminded that driving for long distances along a monotonous highway can hypnotize a motorist. The Chicago Motor Club recommends that drivers stop and rest occasionally when driving long distances.

### Federal Civil Defense Publishes New Booklet

Continuing its campaign to educate Americans on how to protect themselves against the threat of fallout in a nuclear attack, the Federal Civil Defense Administration has published a new booklet which provides detailed instructions on how individuals and families may save themselves.

More than 2,000,000 copies of the Public Booklet, entitled "What You Should Know About Radioactive Fallout," PA-7, are being distributed throughout the nation. In addition, they may be purchased from the U. S. Government Printing Office, Washington 25, D. C., for 10 cents.

This is the second in a series of FCDA publications designed to reduce the "mystery" surrounding fallout in the public mind, to put the threat in its proper perspective, and to show that there are simple precautions which can save lives. The Agency on May 22 announced distribution of the first publication of the series, a pamphlet entitled "Facts About Fallout," of which 3,000,000 copies were made available. In its introduction, the booklet declares:

"The purpose of this book is to present in nontechnical language what you should know about fallout. It explains what causes fallout and where and when it might be expected. It reassures you that, far from being a mysterious killer, fallout is something about which our Government knows quite a bit, and something you can protect yourself from."

It describes the characteristics of an H-bomb explosion, the formation of the fallout cloud, the fallout pattern and tells who might be affected, then, in 16 pages, tells the way in which citizens may protect themselves.

selves. Here the booklet says: "There is a defense against radioactive fallout. It is not complicated, not expensive. It is something you can do, and it will pay dividends in lives saved. Actually,

defense against fallout is like preventive medicine. If you take certain basic precautions you can escape the effects of radiation from fallout, even if you should be exposed to it."

The following are listed as the

four kinds of defense, with the details of each fully explained:

1. Evaluation.
2. Shelter or cover.
3. Decontamination.
4. Education and training.
